PROJECT SUPPORTED AND DEVELOPED BY

CENTRAL DE ARQUITECTURA is a young company that has been consolidating since 1998 as one of the highest quality and best service real estate development groups in Mexico. Architects José Sánchez and Moisés Ison, founders and directors of Central de Arquitectura, continue to create and develop, along with their creative team, undeniably amazing projects. The company's central concept is to merge financial planning, design, construction, and real estate sales within a global strategy that optimizes resources; at the same time, striving for excellence in the execution of work and design, as well as the best customer service.

Quatro was born from the vision of four partners: Álvaro Amezcua, Alejandro Alamillo, Juan Carlos Roderó, and Galo Roselló. After more than 15 years transforming the real estate sector in Mexico with Pulso Inmobiliario, they decided to create Quatro. Now with over 25 years of experience, Quatro has a portfolio of multiple premium developments such as Resorts, Retail, Residential, and Corporate, in strategic and iconic locations. Together with Central de Arquitectura, Quatro is one of the strategic partners that are part of the history of Casa Nima.
